

THIS TITLE IS SO CATCHY!

School: Walton Education Foundation

Subject: Low Performing Students

Teacher: Lindsey Harp

Additional Teacher(s): Jane Smith

Number of Students Impacted: 100

Grade: 8

Status: Pending

Goal

To state a goal and objectives in an anonymous format by staying on point and detailing the ways this grant and its supplies will help your students achieve their learning gains.

What will be done with my students

This is your "how." Share more details of your project activities and use a timeline to track how the grant will achieve the goals and objectives. Anticipate questions a reviewer may ask like, "what makes this unique?"

Benefits to my students

This is your "why." Share how the grant and activities will be evaluated and linked to measurable objectives. Think about your project's Outcome (learning gains, student proficiency, improvement in behavior or attendance, etc.) Think about your project's Outputs or direct products of your activities (for example, purchased 10 guitars, 25 word mats, 35 sharks for dissection, 25 admission tickets to museum).

Budget Narrative

The Budget Total Amounts are NEW! Questions - PLEASE CALL Lindsey with questions at 850-692-9961 or email at info@waltonedfoundation.org.

Summarize the Items listed above and share how and why they are best to impact your grant activities.

Troubleshooting - If your grant is not saving your total must equal the total amount of the button selected. If you are close to your grant total amount, add shipping and handling or another item (think storage, protection case, paper, etc).

Items

#	Item	Cost
1	Additional Program Supply 4	\$250.00
