Goal

Please detail how your project will impact student achievement (think learning gains and proficiency) in your classroom, department or on your campus. Share objectives, supporting data, or alignment to your SIP. **KEEP YOUR PROJECT ANONYMOUS** (no mascots or school names).

To state a goal and objectives in an anonymous format by staying on point and detailing the ways this grant and its supplies will help your students achieve their learning gains. Your grant must be anonymous.

What will be done with my students

Please share your project activities, how budgeted items will be used and your project timeline. Remember all projects should be created to show results in the 2026-27 school year.

This is your "how." Share more details of your project activities and use a timeline to track how the grant will achieve the goals and objectives. Anticipate questions a reviewer may ask like, "what makes this unique?" Remember program activities must be completed and show results this school year.

Benefits to my Students

Please share a Statement of Need and describe how the project will support your students' achievement and your project goal. Include how the project will be measured and evaluated using data.

This is your "why." Share how the grant and activities will be evaluated and linked to measurable objectives. Think about your project's Outcome (learning gains, student proficiency, improvement in behavior or attendance, etc.) Think about your project's Outputs or direct products of your activities (for example, purchased 10 guitars, 25 word mats, 35 sharks for dissection, 25 admission tickets to museum).

Items

TIP! Budget Items must total one of these amounts \$500, \$1,000, \$1,500 or \$2,000. Use the calculator in the Total line. TIP! To help reach the total amount for your grant include S/H fees, storage items, protection items for IT, paper, etc. You can also add up to \$25 to account for a possible price increase. Electronics/Computers must be on the WCSD IT approved list. Questions? Please call to Lindsey at 850-692-9961 or email at Info@waltonedfoundation.org.
